INDEPENDENT AUDITOR'S REPORT

Board of Directors
Sioux County Regional Airport Agency

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and the general fund of Sioux County Regional Airport Agency (the Agency), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Agency as of June 30, 2014, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis and budgetary comparison information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial

statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The Schedule of Expenditures of Federal Awards is presented for the purpose of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated March 24, 2015, on our consideration of Sioux County Regional Airport Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

Net Change in Fund Balances - General Fund (page 6)	\$ (814,427)
The general fund reports capital outlays as expenditures. However, in the government-wide Statement of Activities, the cost of those assets are capitalized.	
Purchase of Land	1,660,649
Construction in Progress	<u>74,629</u>
Change in Net Position of Government-Wide Activities (page 6)	<u>\$ 920,851</u>

SIoux COUNTY REGIONAL AIRPORT AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Note 1 - Summary of Significant Accounting Policies

The Sioux County Regional Airport Agency (the Agency) was formed in 2004 pursuant to the provisions of Chapter 28E of the Code of Iowa. The purpose of the Agency is for the joint acquisition, construction, equipping use and operation of an airport facility for the citizens of the City of Orange City, Iowa, the City of Sioux Center, Iowa and the County of Sioux County, Iowa.

The Agency is governed by a six-member Board of Directors who represents the parties listed in the preceding paragraph. Each member of the Agency is a member of its governing body, or other person appointed by the mayor or chair of the governing body and approved by such governing body. Each party shall be entitled to two representatives on the Agency's Board.

A. Reporting Entity

For financial reporting purposes, the Sioux County Regional Airport Agency has included all funds, organizations, agencies, boards, commissions and authorities. The Agency has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Agency. There are no component units included with this financial report.

The Agency's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Agency are discussed below.

B. Basic Financial Statements – Government-Wide Statements

The Agency's basic financial statements include both the government-wide and the fund financial statement with adjustments to convert the fund financial statement to full accrual.

In the Statement of Net Position, the government-wide column is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Agency's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The Agency first uses restricted resources to finance qualifying activities.

The government-wide focus is more on the sustainability of the Agency as an entity and the change in the Agency's net position resulting from the current year activities.

C. Fund Accounting

The accounts for the Agency are organized as a governmental fund.

SIoux COUNTY REGIONAL AIRPORT AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Note 1 - Summary of Significant Accounting Policies – (Continued)

The governmental fund financial statements are reported using the current financial resources measurement focus. This means that the focus of the governmental funds' measurement is upon the determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the only governmental fund of the Agency:

General Fund – The General Fund is the general operating fund of the Agency. It is used to account for all financial resources. The sources of revenue include contributions from other local governments and federal grants. The expenditures of the General Fund relate to general administration.

D. Basis of Accounting

Basis of accounting refers to the point at which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual basis of accounting is used for all activities in the government-wide financial statements. Revenues are recognized when earned and expenses are recognized when incurred.

Modified accrual basis of accounting is used by the governmental fund in the fund financial statements. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year-end. A one-year availability period is used for revenue recognition for all other governmental fund revenues.

Expenditures are recorded when the related fund liability is incurred. An exception to this general rule is that principal and interest on general obligation debt, if any, is recognized when due.

Those revenues susceptible to accrual are property taxes, assessments, and intergovernmental revenues. Licenses, fines and permits are not susceptible to accrual because generally they are not measurable until received in cash.

E. Assets, Liabilities and Fund Equity

1. Cash and Cash Equivalents – Includes cash in demand deposit accounts.
2. Fund Equity – Fund balances for the Agency's General Fund will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:
 - *Nonspendable fund balance* – amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact.

SIOUX COUNTY REGIONAL AIRPORT AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Note 1 - Summary of Significant Accounting Policies – (Continued)

- *Restricted fund balance* – amounts that can be spent only for specific purposes because of constraints imposed by external providers (such as grantors, bondholders, and higher levels of government), or imposed by constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts that can be spent only for specific purposes determined by a formal action of the government's highest level of decision-making authority.
- *Assigned fund balance* – amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.
- *Unassigned fund balance* – amounts that are available for any purpose.

Note 2 - Cash and Cash Equivalents

The Agency's deposits in banks at June 30, 2014 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against depositories to insure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Association; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Agency had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3, as amended by Statement No. 40.

Note 3 - Capital Assets

Capital asset activity for the year ended June 30, 2014 was as follows:

	Balance June 30, 2013 (As Restated)	Additions	Deletions	Balance June 30, 2014
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$ 8,390,236	\$ 1,660,649	\$ -	\$ 10,050,885
Construction in Progress	-	74,629	-	74,629
Total capital assets not being depreciated	<u>\$ 8,390,236</u>	<u>\$ 1,735,278</u>	<u>-</u>	<u>\$ 10,125,514</u>

Construction in progress as of June 30, 2014 consisted of engineering costs for the grade and drain design.

Reconciliation of Net Investment in Capital Assets:

	Governmental Activities
Land	\$ 10,050,885
Construction in Progress	74,629
Net Investment in Capital Assets	<u>\$ 10,125,514</u>

SIoux COUNTY REGIONAL AIRPORT AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Note 4 - Short Term Debt

The Agency has access to a \$2,800,000 operating line of credit from the County of Sioux County, Iowa, to be used to finance current operations while awaiting Federal grant drawdowns. The line of credit accrues interest at variable interest rate equal to the United States prime rate and is unsecured. As of June 30, 2013, the Agency had an outstanding balance of \$2,800,000. The Agency repaid Sioux County this amount on September 30, 2013. On November 25, 2013 and June 11, 2014, the Agency borrowed \$300,000 and \$100,000, respectively. At June 30, 2014, these amounts were still outstanding.

The following is a summary of changes in short-term debt for the year ended June 30, 2014.

Balance, July 1, 2013	\$ 2,800,000
Increases	400,000
Decreases	<u>(2,800,000)</u>
Balance, June 30, 2014	<u>\$ 400,000</u>

Note 5 - Risk Management

The Agency is subject to various risks of loss related to general liability and property insurance. The Agency has purchased commercially available indemnity insurance to cover these risks. The deductible amounts for this insurance would be immaterial to the Agency. There have been no settlement claims in the last three years.

Note 6 - Commitments

The Agency has entered engineering contracts totaling \$271,577 for grading and drain design costs. As of June 30, 2014 costs of \$74,629 had been incurred against the contracts. The balance of \$196,948 will be paid as work on the airport continues.

Note 7 - Prior Period Adjustments

In fiscal year 2013, interest expense of \$50,504 was capitalized at the government-wide level. The Agency operates as a governmental unit; therefore no interest should have been capitalized. To correct the error, land was restated to reflect the reduction in capital assets of the Agency. The Agency's beginning net position was decreased by \$50,504 as a result of the adjustment.

SIoux COUNTY REGIONAL AIRPORT AGENCY
Schedule of Expenditures of Federal Awards (Cash Basis)
Year Ended June 30, 2014

	CFDA Number	Project/Contract Number	Federal Expenditures
Direct:			
FEDERAL AVIATION ADMINISTRATION			
Airport Improvement Program	20.106	3-19-0135-06-2013	\$ 761,573
Airport Improvement Program	20.106	3-19-0135-07-2014	49,741
Total Direct			<u>811,314</u>
Total Expenditures of Federal Awards			<u>\$ 811,314</u>

Note 1 - **Basis of Presentation** - The Schedule of Expenditures of Federal Awards includes the federal grant activity of the Sioux County Regional Airport Agency and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

SIOUX COUNTY REGIONAL AIRPORT AGENCY
Schedule of Findings and Questioned Costs
Year Ended June 30, 2014

Part I – Summary of the Independent Auditors' Results

- a) An unmodified opinion was issued on the financial statements.
- b) Material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- c) The audit did not disclose any non-compliance which is material to the financial statements.
- d) Material weaknesses in internal control over major programs were disclosed by the audit of the financial statements.
- e) An unmodified opinion was issued on compliance with requirements applicable to the major program.
- f) Major program was as follows:
 - CFDA Number 20.106 – Airport Improvement Program
- h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- i) The Sioux County Regional Airport Agency did not qualify as a low-risk auditee.

Part II – Findings Related to the Financial Statements

INSTANCES OF NONCOMPLIANCE:

No Matters were reported.

MATERIAL WEAKNESSES:

II-A-14: Financial Accounting – Segregation of Duties
(2014-001)

Observation - During our review of the internal control, there were several instances where a better segregation of duties would enhance the internal control over financial reporting. In all cases identified, the cause of the lack of segregation of duties can be attributed to a limited number of resources within the Agency.

Recommendation - Segregation of duties is difficult with the limited number of resources. This observation reminds management that this weakness exists and we recommend that the duties be reviewed to provide maximum segregation of work performed to compensate for this lack of segregation of duties.

Response - We agree with this comment and will continue to exercise control through administrative review of reports as an alternative to segregation of duties.

Conclusion - Response accepted.

II-B-14: Financial Reporting
(2014-002)

Observation - During the audit, we identified material amounts of receivables, and capital asset additions not recorded in the Agency's financial statements. Adjustments were subsequently made by the Agency to properly include these amounts in the financial statements.

Recommendation - The Agency should implement procedures to ensure all receivables, and capital asset additions are identified and included in the Agency's financial statements.

Response - We will review our financial reporting process in the future to avoid missing any receivables or capital asset transactions, keeping in mind that the Agency maintains its books and records on the cash basis.

Conclusion – Response accepted.

SIOUX COUNTY REGIONAL AIRPORT AGENCY
Schedule of Findings and Questioned Costs
Year Ended June 30, 2014

Part III – Findings and Questioned Costs for Federal Awards

Instances of Non Compliance

No matters were reported

MATERIAL WEAKNESSES:

III-A-14: Financial Accounting – Segregation of Duties
(2014-003)

Observation - During our review of the internal control, there were several instances where a better segregation of duties would enhance the internal control over financial reporting. In all cases identified, the cause of the lack of segregation of duties can be attributed to a limited number of resources within the Agency.

Recommendation - Segregation of duties is difficult with the limited number of resources. This observation reminds management that this weakness exists and we recommend that the duties be reviewed to provide maximum segregation of work performed to compensate for this lack of segregation of duties.

Response - We agree with this comment and will continue to exercise control through administrative review of reports as an alternative to segregation of duties.

Conclusion - Response accepted.

III-B-14: Grant Administration
(2014-004)

Observation – During the audit we identified adjustments required for the Schedule of Expenditures of Federal Awards. These adjustments were subsequently made by the Agency to properly include all amounts in the Schedule of Expenditures of Federal Awards.

Recommendation – The Agency should implement procedures to ensure the Schedule of Expenditures of Federal Awards is properly completed.

Response – The Agency understands the nature of the weakness and will review the Schedule of Expenditures of Federal Awards in the future.

Conclusion – Response accepted.

SIOUX COUNTY REGIONAL AIRPORT AGENCY
Schedule of Prior Year Findings and Questioned Costs
Year Ended June 30, 2014

III-A-13: Financial Accounting – Segregation of Duties

Observation - During our review of the internal control, there were several instances where a better segregation of duties would enhance the internal control over financial reporting. In all cases identified, the cause of the lack of segregation of duties can be attributed to a limited number of resources within the Agency.

Recommendation - Segregation of duties is difficult with the limited number of resources. This observation reminds management that this weakness exists and we recommend that the duties be reviewed to provide maximum segregation of work performed to compensate for this lack of segregation of duties.

Response - We agree with this comment and will continue to exercise control through administrative review of reports as an alternative to segregation of duties.

Conclusion – This finding still exists at June 30, 2014. See III-A-14.

III-B-13: Grant Administration

Observation – During the audit we identified adjustments required for the Schedule of Expenditures of Federal Awards. These adjustments were subsequently made by the Agency to properly include all amounts in the Schedule of Expenditures of Federal Awards.

Recommendation – The Agency should implement procedures to ensure the Schedule of Expenditures of Federal Awards is properly completed.

Response – The Agency understands the nature of the weakness and will review the Schedule of Expenditures of Federal Awards in the future.

Conclusion – This finding still exists at June 30, 2014. See III-B-14.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Sioux County Regional Airport Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Sioux County Regional Airport Agency (the Agency), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements and have issued our report thereon dated March 24, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described as II-A-14 and II-B-14 in the accompanying schedule of findings and questioned costs to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Sioux County Regional Airport Agency's Response to Findings

The Agency's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Agency's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Board of Directors
Sioux County Regional Airport Agency

Report on Compliance for Each Major Federal Program

We have audited the compliance of the Sioux County Regional Airport Agency (the Agency) with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit

of compliance, we considered Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items III-A-14 and III-B-14 to be material weaknesses.

The Agency's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Agency's responses and, accordingly, we express no opinion on the responses.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

ORANGE CITY-SIOUX CENTER-SIOUX COUNTY

Schedule of Findings and Questioned Costs Corrective Action Plan June 30, 2014

Department of Transportation

The Sioux County Regional Airport Agency, respectfully submits the following corrective action plan for the year ended June 30, 2014.

The audit was performed by Williams & Company, P.C., P.O. Box 1010, Le Mars, Iowa, for the fiscal year ended June 30, 2014.

The findings from the June 30, 2014 Schedule of Findings and Questioned Costs are discussed below. The findings are numbered consistently with the number assigned in the schedule.

MATERIAL WEAKNESSES:

III-A-14: Financial Accounting – Segregation of Duties
(2014-003)

Observation - During our review of the internal control, there were several instances where a better segregation of duties would enhance the internal control over financial reporting. In all cases identified, the cause of the lack of segregation of duties can be attributed to a limited number of resources within the Agency.

Recommendation - Segregation of duties is difficult with the limited number of resources. This observation reminds management that this weakness exists and we recommend that the duties be reviewed to provide maximum segregation of work performed to compensate for this lack of segregation of duties.

Response - We agree with this comment and will continue to exercise control through administrative review of reports as an alternative to segregation of duties.

Conclusion - Response accepted.

III-B-14: Grant Administration
(2014-004)

Observation - During the audit we identified adjustments required for the Schedule of Expenditures of Federal Awards. These adjustments were subsequently made by the Agency to properly include all amounts in the Schedule of Expenditures of Federal Awards.

Recommendation - The Agency should implement procedures to ensure the Schedule of Expenditures of Federal Awards is properly completed.

Response - The Agency understands the nature of the weakness and will review the Schedule of Expenditures of Federal Awards in the future.

Conclusion - Response accepted.

If the Department of Transportation has questions regarding this plan, please call Duane Feekes at 712-707-6505

Sincerely yours,

Sioux County Regional Airport Agency

Duane Feekes, Secretary/Treasurer
